

Electromobility workshop

# BOOSTING ZERO EMISSIONS MOBILITY THROUGH ELECTRIC CHARGING INFRASTRUCTURE

*8th of June 14.30 – 16.00 (CET)*

*Online at the Eurocities Mobility Forum*

## WIDESPREAD E-MOBILITY IS NOT POSSIBLE WITHOUT SUPPORTING CHARGING INFRASTRUCTURE.

How can we plan for a charging network that responds to the **actual needs of people**? How can we provide **easy access** and **accurate information** to the electric car drivers wanting to recharge their vehicle? How can we make charging **fast, easy and stress free**?

Join us for the workshop 'Boosting zero emissions mobility through electric charging infrastructure' and **discover innovative solutions that can boost e-mobility in your city.**
